Thanks for Choosing to do business with us!  
Morgan Bait Distributor, LLC  
Est. 2003

Thank you for taking time to look through our catalog for 2026. We diligently try to bring the best product, best service, and best price possible. We value you as a customer and any time you have a question regarding service please call the office.

This year our Route/Sales Reps are Patrick Cox, Matthew Morgan, Zee Brewer, and Tommie Ware. Their job is to provide you what you need to make your customers happy. Our estimates for what you need always assume you do not want to run out. If a rep makes a decision as to what you need and you run out we will make a special trip because of our mistake, or if the rep did not have what you needed. If you order yourself and run out we will not return until normal delivery date. We have two places for customers to pick up bait in the event they run out. One bait shed is in Biscoe, NC the other is near Lake Norman. For pick up please call and let us know you are coming and we will have it ready for you.

All worms are guaranteed, no questions asked. With minnows everybody loses some. When minnows are exceptionally bad we do offer credit. On those bad batches that we get credit we will more than happily replace most all losses. This typically happens about 5 or 6 times a year. Normal seasonal losses are NOT replaced. If you are having issues keeping minnows alive we will gladly test water to search for problems. Crickets are guaranteed the day of delivery. We cannot guarantee crickets left in boxes more than one day after delivery. Crickets are not packaged to stay in boxes long, they have a hard time getting water while still in box.

Communication goes a long ways in keeping everyone happy. If you have a problem or unhappy with product or service, please do not heistate to call. Our job is to make sure you make money with the products we deliver. Questions about mark-up or delivery dates are welcomed. We hope to have a great season with you in 2026!

Thanks, The Morgans

## Live Bait for 2026

Worms- Night Crawlers and Red Worms

Minnows- Shiners (Crappie, Medium, Large), Goldfish, Salty, Trout

Eel- By the pound or Individual

Crickets- Acheta Domestica and The Banded Cricket all sizes.
